# WELCOME HOME

London Decompression (Decom) is a community of Burners who create radically inclusive events anchored in the principles of Burning Man. An annual event since 2003 and the first Decom to take place outside of the US. Decom is 100% volunteer-run and a beautiful way to meet the community and participate.

The Man has burned, the dust has settled, and we gather to celebrate everything radiant and wonderful. Step into the Kaleidoscapes and wander through a grove where every leaf is a mirror, every spore a spark of light, and every shard a future waiting to unfold.

The night becomes a temple where perception bends and transforms. What visions shimmer back at you? The prism shatters, and the night itself begins again.

Nothing stays till, identities dissolve, everything scatters and recombines in luminous loops of becoming.

Close your eyes... what do you see?

Welcome home.

# Accessibility & Inclusion

London Decom values you for who you are, and the diverse experiences, perspectives and talents you bring to Decom, and the extensive Burning Man Community.

At Decom we have a goal of increasing diversity in our leadership and at our events by creating a more inclusive experience for our participants and leads.

Radical Inclusion is the fabric and culture with which we weave our events.

We are always open to suggestions, we listen to improve what we do, and we care deeply about our community.

## VENUE USABILITY/ENVIRONMENT

The Cause is a multi-space venue with outside space and 6 indoor rooms. Surface material, condition and lighting are highly variable throughout the venue.

Measurements: approximate minimum tread length, maximum step height, required steps to reach the next level, and minimum doorway/corridor width (not whole passage width).

Information below, and an accessibility map here. Reach out to us on [inclusion@londondecom.org](mailto:inclusion@londondecom.org) with any other questions!

## SENSORY INFO & WELFARE

We have asked performers not to use strobe lighting but there may be bright lights, lasers, and smoke machines used throughout the night. Rooms will definitely be strobe-free. More on the likely activities in each room soon.

There will be loud spaces, please bring earplugs if they help you. There will be chilled-out spaces if you need a break from festivities. There's also 'Haven', a Welfare/Chillout space with step-free access, seating, calming decor, and volunteers to provide tea.

Fully trained medics are available at all times should you need, just flag down a Ranger or member of the venue security team.

All doorways between rooms are wide enough for wheelchairs, and the flooring is nearly all concrete.

It has not been confirmed if the additional venue food takeaway will be open, but Food stalls will have allergens listed.

## ENTRANCES & EXITS

The entrance is the sloped concrete vehicle entrance under the arches, with dropped curbs and an uneven surface.

If you have accessibility requirements - please identify yourself to a Decom greeter, gate volunteer, or venue staff and we can provide temporary seating if in the queue.

Each of the 3 entrances to the indoor rooms has a manual door.

# LBT LEAVE BETTER TRACE

---

One step beyond the principle of Leave No Trace, we are committed to leaving the place where we gather in a better state than we found it, by leaving a positive trace in the local community.

## We Can Leave a Better Trace

The burner community has the power to make a positive impact not only on the individuals who are part of it, but also on society at large. This is why London Decompression is taking steps towards Leaving a Better Trace.

Our mission includes:

- Reducing our environmental impact.
- Educating the community on environment related issues.
- Empowering the community to adopt more environmentally-friendly behaviour, both at burns and in daily life.

### Let's Grow the Grove

In 2019 we set up a London Decom grove in Scotland in association with Trees for Life charity. If you'd like to contribute directly towards tree planting, scan the code to know more and donate trees or go to [www.treesforlife.org.uk/groves/84448](http://www.treesforlife.org.uk/groves/84448)

## THE ESSENTIALS CONSENT

You are responsible for getting expressed enthusiastic consent before entering a camp's area, going in for a hug, touching a person or their things, taking a person's picture, or kissing. Consent is an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon activity. The consent has to be ongoing throughout any encounter, and enthusiastic consent is best!

### EASY CONSENT GUIDE:

- NO means NO.
  - NO means NO the first time, every time, and completely.
  - No cajoling, no "c'mon please", no emotional blackmail. NO means NO!
  - YES means YES. Enthusiastic YES is best!
  - SILENCE = NO. MAYBE = NO. NOT YET = NO.
  - Only YES = YES.
  - Consent IS binary! Consent can be revoked at any time, even if you have touched that person in that same way before. Consent can be revoked after saying YES. You do not have the right to touch anyone without an enthusiastic and ongoing YES!
- This goes for hugs, handshakes, kisses, touch and caressing, and shiny costumes!

# THE 10 PRINCIPLES

**Radical Inclusion**  
We welcome and respect the stranger.  
No prerequisites exist for participation  
in our community.

**Gifting**  
The value of a gift is unconditional.  
Gifting does not contemplate a return or an  
exchange for something of equal value.

**Decommodification**  
Our community seeks to create social environments  
that are unmediated by commercial sponsorships,  
transactions, or advertising.

**Participation**  
We believe that transformative change, whether in  
the individual or in society, can occur only through  
the medium of deeply personal participation.

**Radical Self-expression**  
Arises from the unique gifts of the individual.  
In this spirit, the giver should respect the rights  
and liberties of the recipient.

**Communal Effort**  
We strive to produce, promote and protect social  
networks, public spaces, works of art, and methods  
of communication that support such interaction.

**Civic Responsibility**  
Community members who organize events should  
assume responsibility for public welfare and endeavor  
to communicate civic responsibilities to participants.

**Leaving a Better Trace (LBT)**  
One step beyond Leave No Trace, we are committed  
to leaving the place where we gather in a better state  
than we found it, by leaving a positive trace in the  
local community.

**Radical Self-reliance**  
Burning Man encourages the individual to discover,  
exercise and rely on his or her inner resources.

**Immediacy**  
We seek to overcome barriers that stand between us  
and a recognition of our inner selves, the reality  
of those around us.

## The Essentials

### CONSENT

Respect the autonomy of the individual: Every person has the right  
to make decisions about their own body, property,  
and personal space.
